- ✓ Fractures and dislocations
- ✓ Concussions
- ✓ Broken teeth
- ✓ Emergency room visits
- ✓ Advanced diagnostic testing
- ✓ Medical appliances (like crutches)
- ✓ Physical therapy

How much does it cost?

Accident Insurance probably costs less than you think! Review your rates in your enrollment materials.

How it works

First, select the coverage amount that fits your needs.

You are hospitalized for three days with a broken leg (requiring surgery) and dislocated shoulder.

Then, submit a claim. A payment is sent directly to you.

Finally, you use the money to pay for anything you want. That could be copays and deductibles, or non-medical expenses like ride shares or food delivery.
