# Get your prescription delivered to your door with Express Scripts Pharmacy.

Create an online account
to stress less and save more.

## Step 1

Visit express-scripts.com and click the Register button at the top of the page to create an online account.
Or simply scan the QR code on the right to get started.

## Step 2

When visiting your doctor, request that they send your 90-day prescription to Express Scripts® Pharmacy for home delivery. Please allow 5 to 7 days from the time we receive your prescription until it arrives at your door.

**Other Options**

- Call us or click the Request an Rx link on the dashboard in your personal account—we'll contact your doctor for you.
- Print a home delivery form by selecting Forms under Benefits, then follow the mailing instructions.

## Step 3

Use your personal account to manage all aspects of your home delivery prescriptions.

- Check order status
- Refill and renew prescriptions
- Transfer existing prescriptions to home delivery
- Check prices and coverage
- View your prescription claims and balances
- Pay your balance using a variety of payment options

**Ask your physician if they can access Real-Time Prescription Benefit**

If they can, ask them to check the medication they're prescribing. Does it require a coverage review like prior authorization? Is there an alternative option that's just as effective but costs less?
